

The Wandering House

Exploring notions of *home* and *belonging* in collaboration with the Lanesboro community

Fall 2019

1. How old are you and how long have you lived in Lanesboro? If you were not born in Lanesboro, what made you choose this town as a place to live?
2. Please share a story that reminds you of *home*. This can be a recent or distant memory; a pleasant or unpleasant recollection, a short or longer tale.
3. Whether real or imaginary, what is your ideal vision of *home*? How does the place look and smell? How does the place sound? Who else is there? What is it about this place that is so appealing?
4. What is your most favorite place in Lanesboro? Is there a particular experience attached to this place that you can talk about? Conversely, what is your least favorite place in Lanesboro and why?
5. If you had a magic wand, what changes would you make to Lanesboro, if any? Or what changes would you make to your situation in relation to Lanesboro?
6. In one sentence, respond:

➤ *I know I'm home when...*
7. If there is anything else related to “home & belonging” that you would like to comment on that hasn't been asked, please feel free to do so.

Many thanks!
